

Bushman Panoramic offer a range of two 360 degree panoramic rotators, the YETTI Multiclick and QUICK CLICK.

The YETTI Multiclick is a slightly larger device but has a choice of 5 built in click options. These are 8, 12, 15, 18, 24 or free rotation included in device.

The QUICK CLICK is a compact, lightweight and highly reliable rotator. It is unique in that you can choose from a range of 4, 10, 12, 15, 20 or 24 clicks per 360 degree rotation.

Both devices are compatible with Bushman range of 360 degree panoramic heads. They are made from high quality materials to combine extreme efficiency and robustness.
