

### Bushman Panoramic offer a range of Tripods to complement its range.

Bushman currently have two tripods in their range. The AMARULA is made of durable carbon fibre and the EBEN is aluminium. Both extend to 1.52m and can carry a maximum load of 12 KG and fold to just 37cm. They can accept all Monopoles including COREPOLE and CORELITE where cables can be passed through the tripod. One leg is also removeable for use as a monopole.

Bushman LITTLE FEET are three short aluminium telescopic poles which can be fitted to COREPOLE and CORELITE to allow them to stand free. LITTLE FEET can also be fastened together to make a short monopole.

Other Bushman products include:

Panoramic Heads -

KALAHARI, GOBI and SANDBUG

Rotators -

QUICK CLICK & YETI

Monopoles -

COREPOLE, CORELITE, MONOLITE, THETA POLE
