

Version 2

Version 1

"THE CLAREMONT"

Bushman Panoramic Monopods are high quality small diameter aluminium telescopic poles specifically designed for use with VR360 cameras but adaptable for other applications. The latest version has five sections which pack down to 39.5cm and able to fit in aircraft hand luggage.

The system comes complete with a counterweight and tripod and can also be mounted on larger Bushman and other tripods for extra height and stability. Monopods can be fastened together for extra length*.

They will carry a vertical payload of up to 3KG or horizontally (up to 1KG) for an "over-the-cliff" panoramic shot! They can also be hand held and used for filming underwater **.

* **It is recommended NOT to extend the 9mm section in the middle**

** **Clean after use**

Features:

- Choice of TWO 1.54m Monopods
- Maximum vertical load - 3 KG
- Counterweight included
- Small 'tabletop' tripod included
- Monopods may be connected together or fitted to Tripods for extra length
- Mount 1/4" - UNC
- Rubber handle
- Simple and quick installation
- 24 months international parts warranty
